

# Enabling patients' independence

Listen Attentively, Think Carefully, and Act boldly

## SHL Medical Internship Program

### A world-leading advanced drug delivery solution provider

SHL Medical is a world-leading provider of drug delivery solutions. We design, develop, and manufacture advanced drug delivery devices such as autoinjectors, pen injectors, and wearable drug delivery systems. We also offer design-to-build and contract manufacturing services for products such as laboratory handling equipment, neurosurgical devices, and industrial equipment. Aiming to "Enabling patients' independence", with Listen Attentively, Think Carefully, and Act boldly.

By integrating our experienced development teams with efficient manufacturing and a skilled workforce, we have developed a successful business model that allows us to provide comprehensive solutions for demanding requirements of the industry. As the largest company in SHL Group, SHL Medical continues to offer experience, excellence, and vision to customers and partners all over the world by inviting talents with MEDTech ability, and through industry 4.0.
